Guided tours, lectures and workshops on bicycle planning and bicycle infrastructure in Amsterdam

Projektburo Fiets Amsterdam organizes tours, lectures and workshops on bicycle-inclusive planning and infrastructure in Amsterdam, and the Netherlands. About how cycling can contribute to create smart, healthy and sustainable cities, towns and regions.

We do this in close cooperation with Fietzersbond Amsterdam (Cyclists' Union Amsterdam), the experts on bicycle planning and policy in Amsterdam.

These programs offer insight into the opportunities and challenges of cycling-inclusive planning and show technical and social aspects of these policies.

The programs are directed by professionals in bicycle inclusive planning who are well informed on bicycle inclusive facilities and traffic policy in Amsterdam and the Netherlands.

About Fietsersbond

Fietsersbond is the national bicycle advocacy league in the Netherlands.

In Amsterdam, Fietsersbond has over 40 years experience in design, policy and lobbying for cyclists and good bicycle planning. Through the years Fietsersbond has played an significant role in the realisation of bicycle facilities and bike friendly traffic policy for the city.

And it still does: tackling difficult bottlenecks for cyclists, preserving the good facilities we have and raising awareness for new threats such as the rising numbers of scooters and the lack of (dedicated) parking space for bicycles.

About Projektburo Fiets Amsterdam

The bicycle excursions are staged by Projektburo Fiets Amsterdam. This non-profit organisation realizes projects for cyclists that are outside the scope of the regular work of Fietsersbond Amsterdam. Examples are signposting for cyclists, the famous bicycle maps of Amsterdam and the Amsterdam region and tours and lectures about bicycle policy.

The office of Fietsersbond in Amsterdam can be found at:
